

Nesting agility tables

08405B0

Details

Continental's nesting agility tables are probably the most versatile piece of equipment in any gym or school hall for PE. Designed and developed by Continental to provide secure and challenging options for all linking and bridging situations.

PVC upholstered top on a strong powder coated steel frame.

Available in 6 sizes from 0.3m to 1.1m high (1' high to 3'6" high) and sold individually or in sets of 3, 4, 5 or 6 units. Buying a set of nesting tables is 15% cheaper than buying the tables individually. To see details of the sets of tables [click here](#).

Please note that these steel nesting tables are actually significantly lighter than the "lightweight" aluminium tables manufactured by some other companies.

Sizes:

- No.1 - Height: 0.30m (1'), Top: 0.35m x 0.50m (14" x 19"), Colour: Yellow
- No.2 - Height: 0.45m (1'6"), Top: 0.35m x 0.60m (14" x 22"), Colour: Red
