

## Basketball 24-second shot clocks - ECO 24

### Details

One pair of floor mounted shot clocks which are compatible with the table top portable scoreboard.

These shot clocks are cable operated and a cable needs to extend from the table top scoreboard (or the control panel when used as stand alone shot clocks) to each of the clocks.

These clocks are provided with a separate horn.

13amp supply is required in the location of each clock.

- Dimensions: 500 x 300 x 65mm
- Digit height: 20cm
