

SPIETH - Ring frame "Berlin"

Details

Ring frame from Spieth for competition use - FIG Approved.

The ringframe is extremely stable thanks to an improved and stiffened frame with high absorption of peak forces. The spring movement is restricted to only downward forces.

The ringframe is suitable for training and competition and is FIG certified for use at all levels of competition.

The ringframe is height adjustable from 275 to 302.5 cm in 2.5cm and 5 cm increments

Requires a minimum hall height of 6.2m

Features:

- Unique shock absorption system
- Unparalleled stable frame
- Double pulley tensioning with tensioning sliders
- Tough laminated wooden rings

FIG Approved
