

SPIETH - Parallel bars "Melbourne"

Details

The latest development in parallel bars from Spieth for competition use - the "Melbourne" **FIG Approved**

These FIG certified parallel bars are stable in all directions and incorporate a metal vibration-free connection between the uprights and the bars.

These are top competition parallel bars and are certified by the FIG

The bars feature:

- Dynamoflex® pre-tensioned fibreglass rails with veneer
- Length of rails 350 cm
- Width infinitely adjustable from 41 - 71 cm, with scale on the stand for precise adjustment of the width
- Height adjustment in 5cm increments, from 160 - 210 cm
- FIG-height is shown at position No. 9
- 2 rails included

The bars are delivered flat-packed and unassembled for straightforward self-assembly

Highlights

- FIG-certified
- Innovative pre-tensioned fibreglass rails
- Rails combine optimal vertical dynamics with great horizontal stability
- Pre-tension of rails offers gymnasts great dynamics for flight elements
- Reduces impact forces of landings on the arms
