

3G "Original" integral weighted goals - 16' x 6'

Details

Self weighted portable aluminium goal, complies with BS 8462 safety standards without the need for any separate anchorage. Backbar consists of individual galvanised steel rollers and one supporting axle.

- Uprights, crossbars and sidebars made from 102mm x 112mm x 2.2mm thick reinforced aluminium
- Welded crossbar/upright corner joints provide added strength and aesthetic appearance
- International net supports and diagonal braces manufactured from 31.8mm diameter x 1.5mm thick galvanised steel
- Handles on sidebars make movement easier
- Polyester powder coated white (excluding backbar)
- Backbar consists of individual galvanised steel rollers
- Complete with lock-on synthetic net hooks
- Steel backbar for holding the rear of the net in place, thus stopping both the net being caught in the roller and the possibility of a ball passing through the gap
- Including a pair of 4mm polyethylene nets

Goal size: 16' x 6' (4.88m x 1.83m)

Please Note: Integral weighted goals with a weighted roller are not suitable for use on grass pitches therefore would recommend our weighted portagoal range for this purpose.
