

Double sided medicine / slam ball rack

Details

This double sided medicine ball rack offers a vertical storage solution for up to ten medicine balls without wasting previous gym floor space. Suitable for dual-grip and standard medicine balls (or slam balls) this design has increased storage capacity and stability with its wider base.

The rack provides easy access to the medicine balls on both sides and is finished with a stylish matte black finish to fit into any gym setting. The rack features rubber feet to protect flooring.

- Dual sided for easy access and extra storage
- Stable wide-base design
- Rubber feet to protect flooring and products
- Matte black finish
- Dimensions: 1070 x 560 x 1470mm (L x D x H)

PLEASE NOTE: This is the rack only and does not include medicine balls which must be purchased separately
