

Matrix Performance Upright Cycle

MXPERFUCXX

Details

When it comes to providing unmatched cardio exercise and durability that lasts, nothing outrides our Performance Upright Cycle. Race-inspired handlebars with elbow rests and refined ergonomic details create the feel of a real outdoor ride. The seat adjusts easily with just one hand to fit each new rider, while low step-over height and oversized self-balancing pedals make it easy to have a superior low-impact workout. The robust components withstand intense environments and heavy use for years, and smart features like top-down leveling, an integrated transport handle and a three-piece crank with forged arms streamline service and maintenance.

- Features:
- 17.5 cm / 6.9" pedal spacing
 - 182 kg / 400 lbs. max weight capacity
 - Self-powered options

The Matrix Performance Upright Cycle is available with a choice of four consoles:

Standard LED - easy to read simple display with large numbers	Group Training LED - large easy to read LED screen with features to assist with group exercise classes	Premium LED - featuring an 8,000 pixel multi-colour LED screen with WiFi connectivity	Touch LCD - full colour, display including Virtual sessions
