

Matrix Performance Treadmill

MXPERFTRXX

Details

The Matrix Performance Treadmill is nothing short of ideal for long, hard runs, high-intensity interval training and group exercise that pushes members to their limits.

The Dynamic Response Drive System, makes every step feel smooth and in sync and the durable, comfort-enhancing components of our Ultimate Deck, stand up to a steady stream of members for years. Sculpted ergonomic features like continuous multi-grip handlebars make every touchpoint more comfortable, and robust design details like cast-aluminum endcaps withstand intense environments and heavy use.

Smart features like easily removable side rails, floating front roller assembly, an easy-to-open motor cover and optional casters streamline service and maintenance, minimizing downtime and maximizing member satisfaction.

Features:

- 152 x 56 cm / 60" x 22" running surface
- 5.0 hp AC Dynamic Response Drive System
- 18% incline
- 23 km/h / 15 mph top speed
- 24 cm / 9.5" step-on height
- 182 kg / 400 lbs. max weight capacity
