

Matrix Endurance Climbmill

MXENDUCMXX

Details

The Matrix Endurance Climbmill is a blend of streamlined design and smooth operation makes it easy for beginners to start climbing and enthusiasts to climb further than ever.

Extra-deep, locking steps and step-positioning software make getting a workout easier, while sculpted ergonomics make every touchpoint more comfortable.

The unique Sweat Management System protects critical components to extend equipment life, and the oil-free drive system is as durable as it is whisper-quiet.

Smart features like side access panels, modular components and an internal service light streamline maintenance and minimize downtime

Features:

- 25.4 cm / 10" step depth
- 20.3 cm / 8" step height
- Oil-free ECB modular system with industrial-grade drive chain
- 36 cm / 14" step-on height
- 182 kg / 400 lbs. max weight capacity
- EN ISO 20957-8 certified

The Matrix Endurance Climbmill is available with a choice of five consoles:

Standard LED - easy to read simple display with large numbers	Group Training LED - large easy to read LED screen with features to assist with group exercise classes	Premium LED - featuring an 8,000 pixel multi-colour LED screen with WiFi connectivity	Touch LCD - full colour, display including Virtual sessions
