Details

Our polyster canvas agility mats are 50mm thick chipfoam mats with a **BRAND NEW** soft touch durable polyester canvas cover with hi-friction anti-slip base and come with all the benefits of a natural canvas cover with none of the downsides!

The **NEW** game-changing polyester canvas fabric covers provide an incredibly durable, premium feel fabric available in a range of attractive colours. Polyester canvas provides a warmer, softer feel than a PVC cover so is ideally suited to barefoot activities such as gymnastics. Polyster canvas has a PVC backing so is wipe clean non-stain and water-resistant. This is the greatest development in matting technology since the invention of safety matting in PE and sport some 50 years ago.

The knitted surface of the polyester canvas provides a premium, soft, but durable and rugged feel:

These mats are ideal as runway mats for PE exercises such as tumbling or rolling and are recommended for placing on top of a landing area made up of safety mats to prevent the safety mats from separating during a landing.

These mats can stored flat horizontally and they can be rolled for storage. All agility mats are manufactured with fire retardant foam.
