Linked rings for wall hinged rope frames

Details

The price shown for wall hinged rope frames is without accessories.

These linked rings are a series of powder coated steel rings with nylon webbing straps between them for climbing through and around.

They are designed to suit both the 3m and 3.66m frames.

Each set of rings takes up ONE suspension point (we recommend 4 suspension points for the 3m frame and 5 suspension points for the 3.66m frame).
