

Joola - 300S table tennis table

Details

The perfect table for home use, the Joola 300S is lightweight and takes up the minimum of storage space.

Folding metal legs and wheels are inset into each half for easy movement.

15mm playing surface and mounted on a 20mm frame with powder coated framework and legs.

This table is supplied without a net and post set which must be ordered separately - see the Accessories for our recommendation.
