Heavy duty portable basketball goal with fan board

Details

The ref. 520 portable basketball unit is a heavy duty portable unit designed for use in schools, higher education and leisure centres. The U-Just system allows the height to be set anywhere up to the official 10 feet.

The goal features:

- Heavy duty unit will support 240kg load on the goal
- Durable polypropylene backboard measuring: 47" x 35"
- 18" (45cm) Heavy duty ring
- Heavy duty 3.5" (9cm) pole
- Wheels for easy movement
- Approved to EN1270 standard
- Approved by England Basketball and Basketball Scotland

The unit weighs 50kg and the base must be filled with ballast - sand or water - which is NOT PROVIDED. Please note that this is a supply only item and some basic self-assembly is necessary.

The price shown is for ONE GOAL ONLY (not a pair)

These goals can be used indoors or outdoors, but are not designed to be left permanently outdoors.
