

Folding wheelaway hockey goals

Details

Outdoor Folding Wheelaway Hockey Goals - Folding hockey goals with integral wheels. Simply lift out the backboard, engage the wheels and the goal is ready to be moved by two adults.

- Manufactured from 50mm square x 2mm thick steel
- Uprights and crossbars all polyester powder coated white
- Uprights and crossbars feature stainless steel retaining rods to ensure net is held firmly in position
- Heavy duty hinged folding side frame manufactured from 25.4mm sq. steel and polyester powder coated green
- Large wheels and robust handle ensure goals can be transported safely by two adults
- 460mm x 18mm thick green regulation wooden backboards
- Complete with a pair of 3mm thick green polyethylene nets

All hockey goals must be anchored correctly to conform to BS EN 750. On synthetic surfaces, suitable provision for anchorage must be made. If freestanding weights are the only option then 20 x Counterbalance weights are required per pair of hockey goals.
