

Set of 8 counterbalance weights

Details

All freestanding goals that do not have integral weights must be secured when in use. Goals can be secured using U-pegs on grass surfaces but on other surfaces an alternative securing system must be used.

The Counterbalance Anchor is suitable for the safe anchorage of freestanding sports equipment on grass, hard surfaces, artificial and 3G surfaces.

- Fits on to backbars up to 43mm diameter
- 17kg Handbag style weight complete with 3 link galvanised chain, carbine clip and 'U' type bracket
- Nut and bolt included for use with aluminium goals

8 weights is sufficient to secure one pair of five-a-side size football goals
